## How to configure the automatic sending of emails if the seller does not fill in all the fields or complete the registration in the marketplace?

01) Access the Control Panel

02) Click Settings >> Multivendor / Seller / Marketplace

03) Edit the fields:

Enable Auto Check Seller did not fill Seller Page and Notify Seller: true or false

Select the email templates from the fields:

Email Template Auto Check Seller did not fill Seller Page and Notify Seller Portugues

Email Template Auto Check Seller did not fill Seller Page and Notify Seller English

Email Template Auto Check Seller did not fill Seller Page and Notify Seller Espanol

Email Template Auto Check Seller did not fill Seller Page and Notify Seller Japanese

Email Template Auto Check Seller did not fill Seller Page and Notify Seller French

Email Template Auto Check Seller did not fill Seller Page and Notify Seller German

Email Template Auto Check Seller did not fill Seller Page and Notify Seller Italian

How does it work?

When you log in to the control panel, once a day an email will be sent to the sellers according to your email template
