

How to export data from multiple virtual store requests to Bling for NFe issuance?

After setting up the Bling API follow the instructions below.

01) Access the Control Panel

02) After login click Clients >> Orders >> Select Orders

At the bottom of the screen select the option Export to Bling

Automatically will be exported data from multiple orders from your virtual store to the Bling for NFe issuance

Note: If an error occurs, click on the EDIT button of the Request to correct the fields according to the requirements of the Bling
