

How to configure Cnova Marketplace API integration?

Go to <https://desenvolvedores.cnova.com/>

Step 1: Click the Apply button

Step 2: Access Developer >> My Apps

Step 3: Click the REGISTER NEW APP button

Step 4: Fill in the fields as shown below:

* Name: Name of your store or app

* Description: Description of your store or app

* Link: <http://www.yourdomain.com>

Click the REGISTER button

Step 5: After getting the Token and Secret Key. Go to Settings >> Cnova.

Edit the Token and Secret Key fields
