

Import by API All Nations New Products or Upgrade / Synchronization of Large-Scale Product Inventory

01) Create your All Nations account as Store or Partner, for more information, visit:
<http://www.allnations.com.br>

After obtaining your approval of access via API, login and password

02) After accessing the Control Panel

03) After login click on Catalog> Import and Update Product Feeds

04) Click Insert, fill in the fields:

Feed Name: ALLNATIONSAPI

Vendor: ALLNATIONSAPI (Add new case not listed)

Fill in the Username and Password field for the API

Percentage to increase in price: Set the percentage of profit on the price of the wholesale product in AllNations

Currency of Feed: Real Brasil - BRL

Status: Active

In the Do not import products of categories of the feed field you can define the main categories of some products to import products only from categories not specified in this field, for example: Automotive, Films & Photo, Components, Home Appliances & Eletroportables, Electronics, Electronics, Tools, Games Computer Hardware, Electrical Materials, Health & Beauty, Security, Telephony

Status of Products on Import: Active

05) After clicking the Insert button

06) To import the products and synchronize the stock click on the Load Feed link (Recommended click once not to overload the server, if you overload the server your account is subject to suspension or blocking, it is recommended to hire a dedicated server, vps or cloud). To update stock, click the Load Feed link. Update the stock once a week or once a day at less access times, between 10pm and 6am.

07) Products will be imported into the Categories and Sub Categories described in the AllNations feed.
