How to configure automatic update of several products in Buscape Marketplace of the latest updated products?

01) Access the Control Panel

02) After login click on Configuration >> Buscapé Settings

Select Enable Buscapé Marketplace Auto Products Update

Change to true and click the UPDATE button

- - - -

Select Buscapé Marketplace Number of Auto Products Update

Set the total amount of products to be updated at a time, recommended maximum of 100 not to overload your server and Buscapé Marketplace

- - - -

Select Lastest of Auto Products Update

Set the days of the last updated products

Example: 5

Refers to products updated from the last 5 days

- - - -

Access the Control Panel >> Catalog >> Buscapé Marketplace

Click Automatically Update Miscellaneous Products to process updates of multiple products at once

You can configure a crontab for the link so that this process is automatic
