

How to change the price of several products at once?

Access your account by clicking My Account

After searching for My Products in Marketplace

You can use the Filters feature for better search or in the product list click the checkbox on the left side next to the image of the product you want to change

Go down the screen and look for the Change price checkbox, select + or -, select% or blank for value, set the value in the field, then click Submit

Unique solution ID: #2412
