

What is Sales Statistics?

Sales statistics is a way for you to control, view and / or manage products that have been sold. Where can help you in later purchases, or in marketing and advertising.

How it works?

1. Click the Statistics menu> Statistics by sale.
2. Click the option you want to search for Annually, Monthly ...
3. Adjust the search dates, and the other fields you want.
4. Click submit.
5. A list of Sales Statistics in the search will be displayed.
