Mercado Libre

How to configure automatic update of several products in the MercadoLivre of the last updated products?

01) Access the Control Panel

02) After login click on Configuration >> MercadoLivre

Select Enable MercadoLivre Auto Products Update

Change to true and click the UPDATE button

- - - -

Select Market Number of Auto Products Update

Set the total amount of products to be updated at a time, recommended maximum of 100 not to overload your server and free market

- - - -

Select MercadoLivre Last Days of Auto Products Update

Set the days of the latest updated products

Example: 5

Refers to products updated from the last 5 days

- - - -

Access the Control Panel >> Catalog >> MercadoLivre

Click Automatically Update Multiple Products to process updates for multiple products at once

You can configure a crontab for the link so that this process is automatic
