Statistics

How to notify customers who signed up for the price alert?

01) Access the Control Panel

There are two ways to notify customers who signed up for Price Alert

02) After login click on Catalog >> Specials

When you enter or edit a promotional product, the checkbox will automatically appear to notify customers

Or click on Statisticians >> Product Notifications

After clicking the product

After selecting or filling an email template and notifying the clients that have the checkbox selected.
