

# Settings

## How to enable / disable automatic email sending after login?

01) Access the Control Panel

02) After login click Settings >> Customer Details

03) Select Send email to customer after login

Click EDIT

True = Enable

False = Disable

04) Click the Refresh button.

To edit the text content of the email in the Control Panel >> Locations >> Edit Languages

Click login

Edit the fields:

EMAIL\_TEXT\_LOGIN\_CHECK\_SUBJECT

EMAIL\_TEXT\_LOGIN\_CHECK\_TEXT

EMAIL\_TEXT\_LOGIN\_CHECK\_TEXT1

EMAIL\_TEXT\_LOGIN\_CHECK\_TEXT2

EMAIL\_TEXT\_LOGIN\_CHECK\_TEXT3

EMAIL\_TEXT\_LOGIN\_CHECK\_TEXT4

EMAIL\_TEXT\_LOGIN\_CHECK\_TEXT5

Click Save Changes
